

Get Opus 5.5 & Sonnet 5.5 Completely Free in Antigravity

A concise setup guide for accessing Claude Opus 5.5 and Sonnet 5.5 through a legitimate Google family-sharing setup.

1. Create a Google account

Create or use a Google account that is eligible to join a Google family group.

2. Join the Google Family Group

Accept the invitation from a legitimate Google AI Pro or Ultra subscriber. Google family groups can share eligible Google services and benefits.

[Open Google Family](#)

3. Sign in to Antigravity

Log out of your current Antigravity account, then sign in with the Google account that received the family benefit.

4. Install or update Antigravity

Make sure you are using the latest version of Google Antigravity.

Important: This is not an official free tier. Opus 5.5 and Sonnet 5.5 are tied to eligible Google AI Pro/Ultra benefits. Family sharing is subject to Google's eligibility rules, including family-group requirements. Do not use fake identities, locations, or account-abuse methods to bypass eligibility.
